Hi Dave- thanks for reaching out on this. I am cc'ing Bruce Carlisle as he and I will be the two state participants. I still think an in person meeting is a good idea...but let's call-in tomorrow so that we can at least have a conversation about where we are and expected next steps. We'll call the number at 1PM.

Safe travels this evening!

Beth

Beth,

We have a EPA/State meeting scheduled for tomorrow at 1:00 regarding the NPDES draft permit for Pilgrim Nuclear Power Station at EPA in the 6th floor Mt. Roosevelt Room. With the snow approaching at least a couple of us are likely to be working at home tomorrow. I have a call-in number for the meeting, which you and/or other state participants could use as well. It is:

617-918-2821

Password 160222

Could you pass this on to the other State participants. Thanks. If it's more convenient we could re-schedule the meeting.

David Webster
